# CPMS 2.0 Quick Start Guide for Clinicians

This document aims at assisting you in the first contacts with the CPMS 2.0 IT platform. A training environment has been set up to enable you to explore all the system's features without using real patient data.

When using the real system (with real patients), please make sure you always follow the data privacy procedures of your hospital.

Overview

Initial steps for a new user:

1. Create an EU login account
2. Configure the account for 2FA (two-factor authentication)
3. Request access to the system (sign-up)
4. Use the system

Points 1, 2 and 3 are one-time actions. This quick start guide covers points 3 and 4.

Under point 3 you will learn how to request your ERN to give you access to the system. Under point 4 this guide covers your most common actions as a clinician:
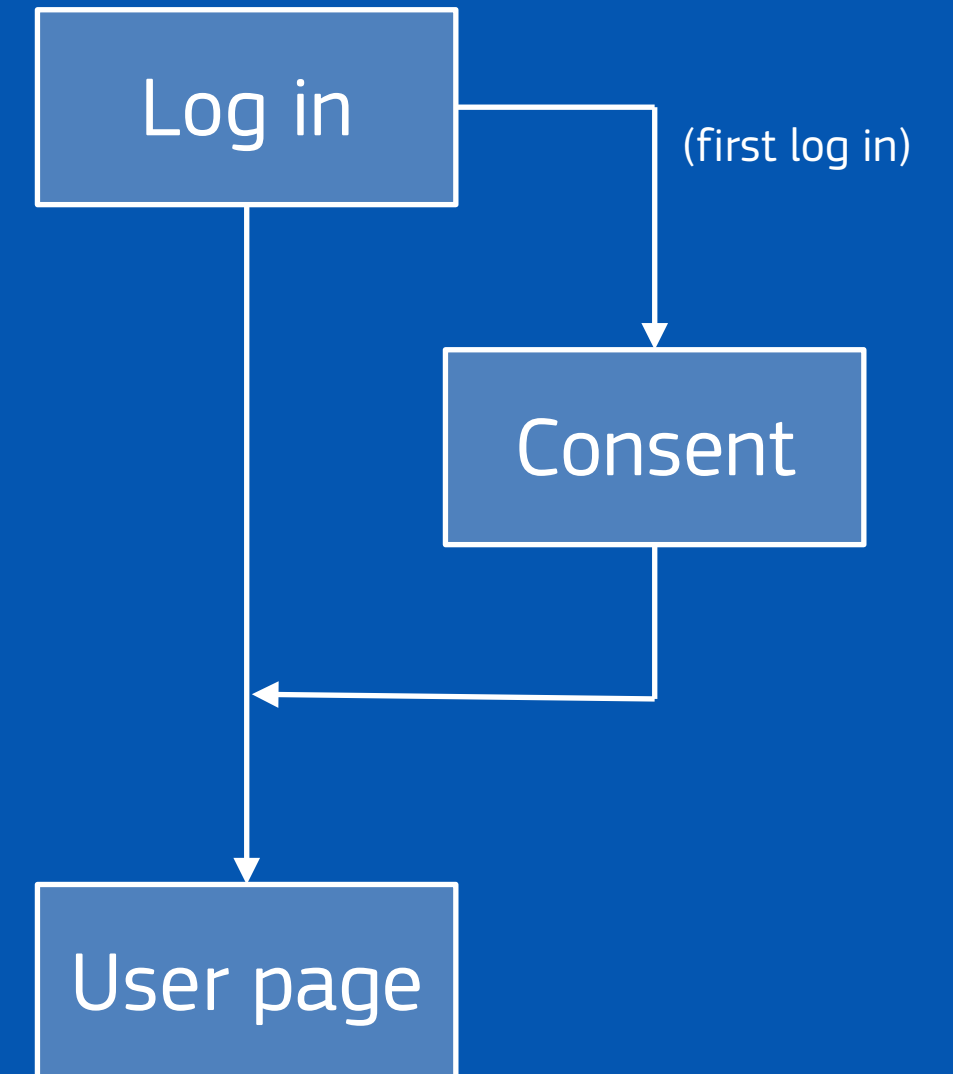

- Enroll a patient and enter a patient case
- Schedule and join a meeting
- Edit notification settings
- Consult a meeting summary
- Exit from a patient record

How to Log In?

Please remember:

You need a valid EU Login account

How to create an account

How to configure two-factor authentication

1 Click on the "Login" button

2 Enter your EU Login username and password

3 Click on the "Sign in" button

How to request access?

Once the Login process is completed, you are directed to the sign-up page. There, you need to:

1 Select your role as "Clinician" and proceed by specifying your ERN and hospital. Click "Next"

2 Describe your clinical focus: profession, thematic and sub-thematic areas, and an optional free text input. Click "Next"

3 Review the information provided. Click "Submit access request"

Your request is submitted to your ERN and you're logged out automatically.

You'll be notified by email when:
- your request is submitted
- your request is approved by your ERN

User consent

After your request for access has been approved by your ERN local helpdesk, you can use the system.

- Upon your first login you must read the privacy policy and give the required consents:

  ☐ I have read the privacy policy of the CPMS 2.0 platform. I consent that my profile data is stored in the system and can be used to generate reports on my activity on the platform. I am aware that if I participate in clinical discussions, my name and affiliation will be visible in the outcome reports. I understand that the medical liability is always on the treating doctors and an outcome report expresses only the opinion of the experts participating in the discussion. I know that I can withdraw my consent at any time by editing my user profile.
 This field is required

  ☐ I consent that, if I participate in a clinical discussion of a patient from a country outside the EU, the outcome report (with my name and affiliation on it) may be downloaded by a clinician of that country.
  This field is required

- Giving consent is a one-time action.

- You have the right to withdraw the consent at any moment by going to your user profile.
